

What students are saying

Afrodite ~ "I like it because I'm with my friends and we help each other. I've learned to read and write, and we're learning on the SmartBoard. We have a computer lab, we find out recipes or what's going on in the whole world."

Melissa ~ "It's very interesting. People studying, education, computers and music."

Reaching for Success

A program from the
Ministère de l'Éducation et de l'Enseignement supérieur

Laurier

Centre de développement des compétences
Competency Development Centre

The SIS (Social Integration Services)

- Fosters the acquisition of basic skills for home, the workplace
- Prepares students for an active role in their community
- Promotes student individuality
- Encourages teamwork and co-operation
- Offers work placement activities one day per week to practice skills

Classes run four (4) days per week with one day of field experience outside of the centre

What makes us so special?

- A personalized and inclusive approach to enable students to thrive
- An environment that builds trust and security
- Skills development
- Fun and educational activities

Learning and Growing Together
