

YOUTH APPLICATION PACKAGE 2021-2022

Welcome to the **Sir Wilfrid Laurier School Board International Student Program!** We thank you for your interest in studying with us in Canada. Our goal is to provide our students with a safe, dynamic, enriched and memorable learning experience.

While going through the steps to study in a new country can be intimidating and overwhelming, rest assured that our dedicated staff will do everything to make your application process as simple and straightforward as possible.

Please review this document carefully. It contains an outline of all the information you will need to provide in order to register for your upcoming academic program. This document creates a legally binding agreement for participation in the Sir Wilfrid Laurier School Board's International Student Program.

We look forward to assisting you through the process and greeting you in person upon your arrival.

To facilitate your application process, please take note of the following:

- ✓ Please ensure that your application is duly **completed and signed**. Incomplete applications may cause delays in processing. Once the application is complete and the student is eligible to register, an **Invoice** will be issued and a payment of the application fee (\$150 CAD) must be made in order to receive the **Letter of Acceptance**. With this letter, the student can then apply for a **CAQ** and **Study Permit** (Please allow 1-2 weeks for processing).
- ✓ It is strongly recommended to **submit applications at least 3-4 months prior** to the start date of the program to ensure having enough time to apply for the necessary immigration permits (CAQ and Study Permit).
- ✓ It is strongly recommended to arrive in Canada **1-2 weeks prior to the beginning of the program** in order to finalize the registration process in a timely manner. The student must come in person with all their original documents and make their payment in full to finalize registration. Arrival times may differ due to Covid-19.
- ✓ For students wishing to obtain a **Quebec's graduation certificate**, it is necessary to obtain 54 credits in secondary IV and V. See last page for more information (Quebec Graduation Requirements).
- ✓ In order for students to receive any **official transcripts**, they must hold immigration permits that are valid for the entire length of their studies (Visa and CAQ). This will enable us to apply for a Quebec permanent code which is necessary to receive any official transcripts in the province of Quebec. Please note that short stays are usually considered *cultural* only and even with valid documentation, we cannot guarantee that marks will be awarded for all subjects taken.
- ✓ **Health insurance** is a legal requirement for any international student studying in the province of Quebec. The International Students Program, through their designated insurance provider (INGLE international) will provide this service. Our insurance has a very competitive rate and excellent coverage. This fee is mandatory for all students and the cost of the insurance will be added to the student's tuition fee statement.

Thank you for choosing the International Student Program of Sir Wilfrid Laurier School Board.

If you have any questions, please contact us at isp@swlauriersb.qc.ca.

QUEBEC GRADUATION REQUIREMENTS

Students wishing to receive a **Quebec High School graduation diploma** are required to:

- Be fluent in English
- Accumulate at least 54 Secondary IV and Secondary V credits including the following subjects:
 - Secondary IV History
 - All Secondary V subjects (minimum 20 credits)
- Attend at least Secondary V (full year)

Students who join our program in Secondary V and wish to receive their graduation diploma at the end of their academic year will be obliged to do and pass the Secondary IV History of Quebec and Canada course. This might require attending additional remediation. Please note that although this is feasible, it is much more demanding as students will have to successfully complete Secondary IV and V courses during the same academic year.

Note: This option is only open to students who have excellent oral, reading and writing skills in English, and who have outstanding academic records.

It is possible to request a **derogation** for the course *French as a second language* but students must pass **ALL** their other subjects in order to be eligible to apply for this. Please note that the students' attendance will still be required and mandatory.

Students who join our program after the first semester of Secondary V (January), cannot be guaranteed a place in the program and will not be eligible to receive a High School diploma.

Students registering for short-term stays in our program, can be accepted space permitting. However, they will not receive any academic official records or diploma. Upon request, an attestation of attendance could be issued for these cultural experiences.

The International Student Program of SWLSB cannot guarantee a spot in the school of choice. Placement will be dependent on space available upon reception of the application.

We strongly recommend arranging for student flights to arrive in Montreal 1-2 weeks prior to the beginning of classes to have sufficient time to settle in and get prepared for the start of school, finalize registration, visit the school, etc.

If you have any questions, please contact us at isp@swlauriersb.qc.ca

To whom it may concern,

I, _____ (parent/guardian) of _____
(student), understand that without the required immigration permits (CAQ and Study Permit) my student will not be issued any official documents (transcripts or diplomas).

The only document he/she is entitled to receive will be an attestation indicating the duration of the cultural stay and a report card from the school.

I understand that for short stays, even if the student holds a valid CAQ and Study Permit, evaluation and grading (mark allocation) is not guaranteed and it will be entirely up to the discretion of his/her teachers.

I understand the importance of having an intermediate level of English in order for the student to successfully attain his/her academic goals. I understand that the student is entirely responsible for the marks he/she obtains.
